

Transportation Information

Andover, NH, does not have a bus station, train station, or airport. On major travel dates; the beginning and end of terms, Thanksgiving break, winter break, bonus weekend, and family weekends Proctor Academy helps to facilitate travel to Boston (Logan Airport and South Station for air, bus and train connections), to Manchester Airport, or to New London, NH (bus connection). A nominal fee is charged for this service. Specifics for school organized travel (i.e. vacations) will be posted on the electronic "Parent Page" before each vacation. On other weekends or if a student is traveling not at the regular school van time, he/she must make their own arrangements. The student must meet all his/her commitments and must follow proper sign out procedures as stated in the Green Book before a student travels off campus.

School affiliated drivers

There are individuals within the Proctor community who, for a fee, are available to drive to New London (15 minutes away), Concord (35 minutes), Manchester (one hour), White River Junction, VT (40 minutes) and Boston (2 hours). The Student Affairs Office keeps a list of these drivers for students' use.
