Senior Project Contract

As a senior, I have the opportunity to participate in the Senior Project program. This program allows me to design an educational experience beyond the classroom walls. Going on Senior Project is a privilege that is reserved for students who have consistently demonstrated in their senior year responsible social and academic behavior. Consequently, I understand that my failure to comply with any of the following may make me ineligible to participate in the program.

- I will attend to all the required research and requirements that are designed to prepare me for going on Project.
- I have reviewed the Proposal and will submit all materials and information requested of me on the date required.
- I will faithfully comply with all school rules and policies that provide for mature and responsible behavior, including appropriate classroom demeanor. I understand that if I receive a minor or major violation in my senior year, I will not be permitted to participate on Senior Project.
- I will attend all classes and maintain passing grades.
- I understand I must maintain grades throughout the Spring trimester commensurate with my cumulative performance.
- I understand that more than five unexcused absences from any class during the Winter trimester (December 2 – February 28), or three unexcused absences from any class during the Spring trimester up to the time of going on Project (March 31 – May 2) will result in my exclusion from Senior Project.
- **I will not schedule any college visits or family trips on weekdays from May 4th through May 30th.**
